

Do something for tomorrow today, Recycle.
It's one of the easiest ways to help the environment.

Recycling Fun for the Family

Talk to your kids about recycling at home. These simple games can help get the discussion started.

Visit www.recycleyourcans.org for more games.

Test your recycling knowledge! True or False?

1. Recycling one aluminum can saves enough electricity to run your TV for three cartoon episodes.
2. Aluminum cans get cold as fast as bottles or drink boxes.
3. An aluminum can you recycle today could be back in your house as a new can in just two months.
4. Enough aluminum cans were recycled last year to fill the New York Empire State building 24 times.
5. Last Year Americans recycled enough aluminum cans to stretch to the moon and back two times.
6. Aluminum cans are recycled more than any other drink container, such as juice boxes or plastic bottles.
7. The number of cans recycled every 30 seconds equals the number of people who could fill an entire pro football stadium.
8. An aluminum can is able to be recycled up to three times.

Bonus: What day is your curbside recycling picked up? Circle one.

Mon. Tues Wed Thurs Fri

Math Challenge:

If a car can go 30 miles on one gallon of gas, how far could it travel on the amount of gasoline saved by recycling 8 aluminum cans each month for one year?

Hint:

Recycling one aluminum can saves the energy equivalent of one cup of gasoline.

- 1 gallon equals 16 cups.

Recycling 1-2-3

1. Tell your folks you want to recycle.
2. Ask them to call (386) 328-5445 to request a bin, if you don't have one.
3. Use your bin every week.

True/False answers: 1. F (6 episodes) 2. F (Faster than) 3. T, 4. T, 5. F (8 Times) 6. T, 7. T, 8. F forever). Math answer: 180 miles.
